- Never point a firearm in fun or jest.
- Keep your fingers off the trigger. Don't rely on your firearms safety device.
- Always wear eye and ear protection.
- Know your target and what is beyond it.
- Keep the firearm unloaded when not in use.
- Firearms must be shot from the firing line only and nowhere else.
- All guns carried on or about the shooting grounds must be held in a position of safety, with the breach open and unloaded at all times.
- Shooting on the grounds at any place, other than at a legitimate target, is prohibited.
- Only one shooting discipline is shot on the Range at any one time.
- Pistols, Rifles and Shotgun must be shot at separate times and not together at any one time. When pistol shooters are shooting, Rifle shooters must stop and vice versa. Shotgun shooters cannot shoot when Rifle or Pistol Shooters are shooting on the range.
